

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

HALLINEN, Cooperton, Oklahoma.

## COOPER CLUB PUBLICATIONS

To be had from W. LEE CHAMBERS, Altadena, Los Angeles County, California

### PACIFIC COAST AVIFAUNA

No. 8. A Systematic List of the Birds of California, by Joseph Grinnell. 1912. 23 pp. Price \$.50 post paid.

Students of western ornithology should find use for such a list, containing the birds of California arranged in accordance with modern views on classification.

No. 9. Some Birds of the Fresno District, California, by John G. Tyler. 1913. 114 pp. Price \$1.50 post paid.

This publication is mainly based upon the personal observations of the author over a period of more than ten years. It contains extended accounts of the habits, food, etc., of the birds of a region that has undergone radical changes during the author's residence. The subject matter is attractively presented; it is entertaining reading for anyone, and it is also a signal addition to the life histories of California birds.
